## **YOUR VOICE FOR BUSINESS**

Toowoomba Chamber of Commerce is an independent organisation that advocates on behalf of local businesses at a local, state and federal level to ensure our business community has a voice. We offer a full program of member networking and educational events that provide members with a platform to strengthen their existing networks, develop new contacts and connect with the business community to maximise growth opportunities for their business.

Chamber members also have the opportunity to contribute to key strategic projects and ensure their business requirements are considered while helping to shape the future direction of our local business community. With multiple initiatives that include input from our members and committees, the Chamber is well-placed to advocate for our businesses effectively.
